CONCRETE FLATWORK TECHNICIAN

D.W. NELSON

DESCRIPTION

D.W. Nelson Concrete Contractors (a division of Moyer's Inc.) concrete flatwork crews work efficiently as a team in order to install custom concrete flatwork. This position travels to construction sites locally within the Greater Madison Area. Our concrete technicians are integral in the installation of driveways, walkways, patios, garage floors, shed floors, basement floors, and more. Snow removal work is expected in winter months. The abilities to work as a team, be hands-on, and problem solve are crucial to the success of this position.

REQUIRED

- 18 years old minimum with valid driver's license
- Ability to work with hand tools as well as light and heavy power equipment
- Capacity to communicate and excel in a team working environment
- Ability to perform tasks requiring physical labor
- A passion for hands-on construction projects
- Excellent customer service and thoughtful demeanor

PREFERRED

- Previous experience as a concrete flatwork technician or foreman
- Experience operating small engine equipment, skid loaders and mini excavators
- Knowledge of concrete construction and materials
- CDL drivers license

AVAILABILITY

- Full time position with snow removal in winter

BENEFITS

- Competitive pay with earned holiday and vacation
- Earned 401K retirement plan
- Company supplemented health care plan
